

REPOWERING MONTANA

A Blueprint for Home Grown Energy Self-Reliance

HOW ALL OF MONTANA'S POWER NEEDS
CAN BE MET USING CONSERVATION AND CLEAN,
RENEWABLE ENERGY WHILE CREATING JOBS, SAVING MONEY,
AND REVITALIZING RURAL AND URBAN COMMUNITIES.

AUTHORS:

Cliff Bradley - Missoula and Bozeman, Montana

Microbiologist, co-owner of Montana Microbial Products. Works on ethanol, bio-diesel, methane, farm-based energy systems. Involved in issues of agricultural globalization, poverty and hunger. Peace activist. AERO Ag and Energy Task Forces.

Tom Butts - Helena, Montana

Self-employed professional wildlife biologist with long interest in renewable energy, organic gardening, and reducing greenhouse gas emissions. Writer, website builder. Member of the AERO Energy Task Force. Sailboat aficionado.

Pat Dopler - Red Lodge, Montana

Owner of Dopler Solar, a company that sells and installs products for energy-efficient houses and incorporates passive and active solar, wind and other advanced technologies. Longtime AERO member, serves on Energy Task Force and AERO Board.

Gloria Flora - Helena, Montana

Founder, Sustainable Obtainable Solutions (SOS) focusing on sustainable land and energy management. Writer, lecturer, consultant, editor. Former Supervisor of Lewis & Clark National Forest. Member, Governor's Climate Change Advisory Committee.

Jennifer Hill-Hart - Helena, Montana

AERO Energy Task Force member and AERO volunteer. Sustainable energy activist. Environmental justice and anti-poverty advocate. Writer, editor, researcher, lobbyist. Skilled with computers.

Steve Loken - Missoula, Montana

International consultant on industrial ecology, green building, resource conservation, recycled materials. Owner, Loken Builders. Founder, Center for Resourceful Building Technologies. Member, Governor's Climate Change Advisory Committee.

Max Milton - Helena, Montana

Writer, philosopher, philanthropist, agricultural entrepreneur. Local food, smart growth and environmental-energy advocate. Longtime AERO member, former Board member, Energy Task Force co-chair.

Brett Tallman - Whitefish, Montana

Builder, artisan, physicist, inventor, athlete, advocate of renewable energy/energy efficiency, conscious eating, thoughtful planning, spiritual growth, frogs, trees, bees and laughter. AERO Board and Energy Task Force member. Member of Northwest Energy Coalition Board.

Wilbur Wood - Roundup, Montana

One of nine founding members of AERO. Writer-editor in partnership with **Elizabeth Wood** (also an AERO founding member). Poet, teacher, organic gardener, traveler, natural-cultural resource consultant. Co-chairs Energy Task Force.
